Casper Erichsen, Director, Strategy & Planning

15:15 – 15:45 IPPF Secretariat Accountability Mechanism (SAM) Implementation

The Secretariat Accountability Mechanism (SAM) is a Federation-wide process that strengthens accountability, learning, and alignment between the Secretariat and Member Associations (MAs). Conducted every three years, SAM gathers structured feedback on how effectively the Secretariat supports delivery of Strategy 2028 and Federation priorities.

Building on the first cycle presented last year, this session will share key findings from the second cycle, highlight feedback from MAs, and outline the proposed management response to strengthen responsiveness, support, and collaboration across the Federation.

Manuelle Hurwitz, Director, Member Association Development & Impact

Stefanie Wallach, Director of Performance, Impact and Learning

15:45 – 16:10 Measurement of Results for areas identified at the 2025 General Assembly that requires further acceleration in the Strategy 2028

The November 2025 General Assembly Declaration from IPPF's Member Associations identified a number of strategic areas where the Federation should intensify efforts or adapt approaches in response to the evolving geopolitical landscape and lessons emerging from the implementation of the Come Together strategy to date. In this session, we will present proposed updates to IPPF's Results Framework, and how new and/or adapted indicators will measure progress, strengthen accountability, and ensure alignment between the General Assembly priorities, Strategy 2028, and Federation-wide reporting.
